About me

I'm a software developer born in La Plata, Buenos Aires, Argentina.
I'm a third year student in a Computer Science major.

I love the world of programming and i'm interested in different areas such as web development, videogame development and artificial intelligence.

I can adapt to any work schedule and I'm always willing to learn more.

University: Universidad Nacional de La Plata (UNLP)

Knowledge

Front-end:

Back-end:

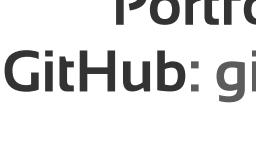

PHP MySQL NodeJS

Other programming languages:

Others:

Git Figma

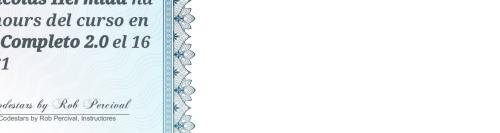

Projects

My projects are available in:

Portfolio: nicohermida.com
GitHub: github.com/nicohermida01

Certificates

I currently have a web developer certificate, from Udemy platform and the Cambridge Certification Authority.
